Read the following:-

Letter from the Director of Agriculture T.1.4/46, dated 9th December 1946
Letter from the Director of Agriculture T.1.872/46, dated 27th March 1947
Letter from the Director of Agriculture T.1.872/46, dated the 29th May 1947.

O R D E R:

Sanction is accorded to the purchase by the Director of Agriculture of machine tools mentioned in the Annexure which are required for the setting up of two workshops for maintenance and servicing of the Agricultural machinery (such as tractors, bull-dozers, harrows, oil and petrol-driven pump-sets etc.) with the Agricultural Department at a cost not exceeding Rs.2,40,000/- (Rupees two lakhs and forty thousand only). These tools are available for disposal by Messrs. Tata Aircraft Ltd., Calcutta, under instructions from the Director-General of Disposals, New Delhi.

2. Sanction is also accorded to the deputation of Sri C.P. Raju, Mechanical Engineer, Agricultural College, Baptla, to Calcutta, to select and take over the machine tools from the Military surpluses by personal inspection and to ensure their safe despatch and quick arrival at the respective destinations.

3. The expenditure will be debited to "40. d. Agriculture - Agricultural Demonstration and Propaganda including Public Exhibition and Fairs - I. Ordinary areas - 4. Experimental cultivation - Demonstration charges". The Accountant-General is requested to admit the expenditure in audit pending provision of funds. The Director of Agriculture is requested to apply for additional funds required for the expenditure in due course.

4. The Standing Finance Committee which considered the proposal for the purchase of these machine-tools, were not satisfied that Bapatla and Coimbatore are the most convenient centres for the setting up of the workshops. The Director of Agriculture is therefore requested to examine and report immediately if more suitable centres cannot be found.

(By Order of His Excellency the Governor)

To the Director of Agriculture
To the Accountant-General through the Finance Department.
